### **In Honor of Our Graduating Seniors...**

I'm LaKota Douglas. I'm 18 years old, when I was younger I knew I was going to want to help people when I got older, and now everything has changed. I want to be a coach or athletic trainer, I'm still helping people in a different way. The things I love are painting, riding horses, reading, running, and writing - those are totally different from what I want to do. Joining and loving the sport of track was what inspired me to what I wanna do with my future. I've attended sangre de cristo prek- 12 and participated in Volleyball, Cheer, Track, and FFA. So here's a little bit of advice: love the things you love and work a job you love.

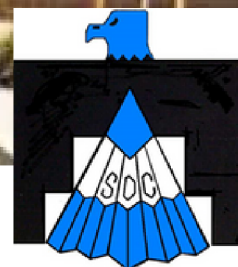

Palma Enriquez - I like to be at home more than at school. I love my dog Benj, and I consider him my son. Hazah.
