Superintendent Report: Dave Crews reported

1. For the 25-26 School year the following projected figures are what we will initially base our main source of revenue for our 25-26 budget.
 - Per Pupil Operating Revenue will be \$17,382.94
 - Our Full Time Equivalent (number of students) is based on 251.7
 - Our total program revenue will be \$4,375,286.19. Below is a breakdown
 - \$1,412,707.44 Local Tax
 - \$149,089.71 Specific Ownership Tax
 - \$2,813,489.04 State Equalization
2. I would like to move the June 10 scheduled board meeting to June 17, 2025.
3. The diplomas for our graduating seniors are ready for signatures. If you could stay after the meeting to sign these, that would be great.
4. Our budget for the 25-26 is ready to for you to review. The timeline for submitting a Colorado school district budget revolves around the state's fiscal year, which runs from July 1st to June 30th. Here's a breakdown of the critical dates and processes:

Key Deadlines and Stages:

- May 31st (Prior to the fiscal year): Submission of Proposed Budget to the Board of Education.
 - School districts are required to submit a proposed budget to their respective board of education by May 31st (i.e., thirty days before the new fiscal year begins). This often involves a multi-month internal process of budget development, including input from various stakeholders like district staff, accountability committees, and community members.
- Within 10 Days of Proposed Budget Submission (Early June): Public Notice of Budget.
 - Within ten days after submitting the proposed budget to the board, the school district must publish a notice. This notice informs the public that the proposed budget is on file and states the date, time, and place for the board's public meeting to consider adopting the budget.
- June 30th: Formal Adoption of Budget by the Board of Education.

- By June 30th, the school district's board of education must formally adopt the budget, along with an appropriation resolution and, if necessary, a resolution for the use of a portion of the beginning fund balance. This officially sets the budget for the upcoming fiscal year.
 - This deadline also includes the submission of the detailed budget in the CDE uniform budget summary format.
- January 31st: Amended Budget (if needed).
 - If expenditures are anticipated to be more than the adopted budget appropriation, school districts are required to adopt an amended budget by January 31st. This amended budget would include final prior year actuals instead of estimates, and an updated appropriation resolution and uniform budget summary format.
