Nurse's Report:

SADD Group- I am working with Alamosa County Public Health and have formed a SADD (Students Against Destructive Decisions) group. At last month's meeting we had a guest speaker, Tyler Woods, come and present to the students about the dangers of vaping and how to abstain from vaping.

Grants- There are a few grants available to our school related to healthcare and mental health that I am currently working on the applications for. Hopefully we will be awarded these grants so we can continue to expand and provide resources to our staff and students. I will keep you updated on the status of these grants.

Immunizations- Our schools immunization report and compliance numbers are due to the state in January. I am in the process of making sure all students are up to date, have an exemption form or are in the process of one of these by January.

Superintendent Report: Dave Crews reported

Academic Achievements:

- The Colorado Department of Education (CDE) determined Sangre De Cristo Re-22J met the conditions for the Body of Evidence condition by (1) submitting a complete Local Assessment Tool that demonstrated local K-2 assessment data resulted in an improved rating, and (2) providing a district narrative that described this data and included a sufficient rationale for participating in the request process. Total points earned with supplemental data is sufficient to earn an Improvement plan type. By meeting these criteria, the CDE recommends the State Board of Education adjust Sangre De Cristo Re-22J's rating from **Accredited** to **Accredited with Distinction**.

Financial Management:

- We are continuing to work with our Auditors as we transition to a new system. We are finding differences between the past methods with working with our past auditors and the new requirements/standards and working with our new auditors and as well as CDE.

Assessed Valuation

- In your board packets we have our final assessed valuation numbers from Alamosa and Saguache Counties. We will certify the mills tonight through a resolution. Both counties had an increase in valuation.

Holiday Bonus

- We settled on a holiday bonus for now. We will look at the numbers in the Spring and discuss possibilities for salary increases.
