PK-12 Principal Report:

Calendar

- Champs was August 4th.
- Staff started yesterday and students will start the 17th.
- Seniors do not need to do NWEA so, they will be starting on August 19th.

Testing

- CMAS and PSAT/SAT data has been released to the districts and we will begin analyzing it for instruction.
- NWEA, DIBLES, and Mclass Math will take place the first two weeks of school.

Classroom Happenings

- We are fully staffed and ready for students.
- We are implementing a work based learning program for our juniors and seniors. Juniors can use one hour of their day for work and get an elective credit and seniors can use two hours of the day. This is part of the PWR statute Postsecondary and Workforce Readiness (PWR) in schools is defined and governed primarily by C.R.S. § 22-7-1008 and C.R.S. § 22-7-1009, alongside Individual Career and Academic Plan rules under C.R.S. § 22-2-136.
- Teachers have been working diligently in their rooms to be prepared for Monday and we are excited to have students.
- The library is being worked on and we should have it back up and running.

Trainings

- Staff completed RANDA, our evaluation system orientation, School safety and Red bag training, and district expectations today.
- We will be doing iBoss training tomorrow, Wednesday, August 12th. This is our cloud based network security system. This will allow teachers to better monitor student work on chromebooks managed by the district.

- Our elementary staff will be receiving training on Mclass math for our math progress monitoring tool and DIBELS 8 our literacy progress monitoring tool.

Superintendent Report:

Core priority areas for 2026-2027

- student achievement
- staff recruitment and retention
- student well-being
- Student enrollment
- facilities and operations
- budget

August 2026 Superintendent Report

- Audit The audit has started and will hopefully be complete by the end of October 2026
- Assistant Principal position. With Erica Mortenson leaving to become a principal, we decided not to fill the position this year for a few reasons, one with our anticipated lower enrollment it would save our district close to \$100,000, the other is that we are looking at some math coaching support from the department of education to help us improve our instructional support in the area of math.
- Our students are returning on August 17 for grades k-11, and the 19th of August for pre-school and 12th grade.
