Calendar

- Parent teacher conferences are September 21-23.
- Homecoming will be the week of September 28th with the dance being October 3rd.

Testing

- Ongoing progress monitoring at this time.

Classroom Happenings

- Classes are up and running.
- We did a lockdown drill on August 26th and will continue practicing throughout the year.

Trainings

- On September 2nd and 3rd elementary teachers had Amplify (DIBELS) training. This is our assessment tool for reading. Teachers were able to practice using the data to determine small groups for students. They also were trained in how to use the website for small group resources and instruction.
- Our math consultant from CDE was here today and did classroom observations. He was able to provide feedback for next steps in making our math stronger. We will continue to work with him moving forward.
- We will be having our elementary teachers take a class called Powerful Practice: Evidence informed math teaching. This class focuses on how to teach math and how the brain learns math. This will be ongoing professional development throughout the school year.
- This upcoming Friday, September 11th elementary teachers will continue DIBELS training and secondary teacher will be attending the BOCES PD at ASU.

Superintendent Report:

- District Audit - The goal is to complete the Audit by October 31 and have it presented to the School Board in November.

- AirMedcare - We have sent the additional air care offerings to our staff. We have some who are interested. Kind of an odd perk, but we want to purchase coverage for the School Board.
- Kitchen - We have had some turnover in the kitchen (and not the good kind) but we have hired a few part-time employees to replace the three that resigned. They are still getting dialed in with their order and serving amounts. But things are moving along.
- Student Count - As of last week we have 196 students registered preK-12.
- Policy changes

JKA JKA-R Policy JKA

Use of Physical Intervention and Restraint, and the associated regulation JKA Use of Physical Intervention and Restraint Procedures both needed substantial rewrites in structure, language, and formatting. Because of the substantial changes CASB is providing districts with a clean version, rather than a complicated redline. However, the purpose and aims of policy JKA and JKA-R have not changed. CASB recommends to revise your existing version of JKA and JKA-R in full by replacing the old language with the new JKA and JKA-R language.

GBEB Staff Conduct, JLF Reporting Child Abuse, and JLF-R Reporting Child Abuse Procedures.

The most impactful change made to this policy is that mandatory reporters are now obligated to report child abuse within 24 hours of knowledge of abuse. The task force also made clear that reports are only required if the person was working in their professional capacity. These changes are reflected in sample policies GBEB Staff Conduct, JLF Reporting Child Abuse, and JLF-R Reporting Child Abuse Procedures.

JLCB Immunization of Students and JLCB-R Immunization of Students Procedures.

The update changes the exemption process for Medical and Non-Medical Exemptions, it also changes the requirements around denial of attendance and updates recordkeeping and reporting by certain school facilities. These changes are reflected in sample policies JLCB Immunization of Students and JLCB-R Immunization of Students Procedures.
