Nothing to report

Athletic Director Report: David Mejia had his report handed out.

The high school track season is winding down and middle school track has been completed. Brody Artechevarria is running the 800-meter run and Buddy Wilson is running the 1600-meter race at the Colorado State track & field meet.

The high school football, volleyball and basketball schedules are complete. There is a little room for more games for basketball, but I believe 21 games is sufficient at this time pending whether we play three games in the SPL end-of-the-season tournament.

The shot clock has been approved for the next sports cycle, which would be the 2026-27 cycle. I received an email one hour after the passing of the shot clock from a company wanting to get ahead to install a shot clock.

Also, the dissolving of the district tournaments was approved by the Legislative Counsel and the SPL Athletic Directors voted to have a Southern Peaks League basketball tournament at the end of the regular season. The venue has yet to be determined and Monte Vista has offered to host despite going up to 3A next cycle. The tournament is an SLV tradition and CHSAA won't benefit from our tournament hereafter. The monies made from the tournament go to provide awards to honor our athletes.

The "Sunday contact" failed so there won't be any coaching contact on Sunday or any games played as well. Any questions on Sunday contact?

The administration is in the process of selecting a volleyball coach and a boys' basketball coach. As of today, we have one applicant for the boys' position. We have interviewed two perspective volleyball coaches and a decision is pending an administrative meeting.

Moving forward, the girls' and boys' basketball programs are registered to attend team camps and I have a list of volleyball team camps for the new coach. I have reserved a spot for the volleyball team in the ASU team camp.

At this time, I would like to thank the School Board for allowing me to be the SdC Athletic Director. I have enjoyed working with the administration, staff, students and athletes here and I wish them the very best going forward. Thank you!
