

Disaster Plans

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff should a threat to safety arise from fire or other causes. It also strengthens the morale of all concerned to know that preparedness plans exist and that students and staff have been trained in carrying them out.

Therefore, the superintendent shall be responsible for developing plans that meet state and local requirements for preparedness in case of fire, civil emergencies, tornadoes and other natural disasters.

 Planning)

NOTE 1: Refer to the publication "Preparedness Plan for the Sangre de Cristo School District" for detailed information and procedures to be followed in event of fire, natural disasters, nuclear and civil emergencies.

NOTE 2: It is appropriate to refer to such publications of the school district in a policy manual. Then only the basic policy and major regulations in such material need to appear in the manual itself.
