## Senior Spotlight: Phoenix Marshall

Phoenix is planning on attending CSU Pueblo this fall, majoring in business/accounting. Her favorite high school memory was being able to connect with her high school volleyball and basketball teams. Phoenix hopes to graduate with a bachelor degree in 3 years and to have her own successful business in the near future.

We give you our love and support and wish you the very best on your journey!

## Celebrating Retirement with a Sad “Good-bye!”

We have two teachers retiring this year: Mr. Matt Sinclair (Ag.) and Mrs. Leslie Garcia (Library.) Mr. Sinclair has devoted 14 years and Mrs. Garcia 15 years to our students and our district.

When asked his favorite memory of teaching, Mr. Sinclair said it was the smile that students got when they accomplished something they didn't know they could. He is looking forward to devoting his time to his other full-time job, farming. In 10 years he sees himself standing in the middle of a river fly fishing.

Mrs. Garcia recalls her favorite memory of teaching being seeing the success of her art students. She looks forward to buying an RV and traveling the country with her husband, and hopes to take a long tour of Alaska. In 10 years she sees her self “doing whatever I want in my forever home!”

We wish these teachers all the best in their futures and thank them for their many years of dedication and service to our students and district.
