Congratulations to our Daniels Scholars!

Haylee Freel and Jamie Damewood have been awarded the prestigious Daniels Scholarship! Their selection speaks volumes about their remarkable character, leadership, dedication to serving their community, and academic achievements.

This scholarship covers the full cost of college including tuition/fees, room/board, books/supplies, and many miscellaneous expenses. We wish you both continued success and a bright future!
- by Mrs. Crews, Counselor

Senior Countdown:

Hallie Henry

Hallie's favorite senior memory has been all the laughs she has had with her besties. Hallie and her friends can always be heard laughing from miles away.

After high school, Hallie plans to attend Lamar Community College. There, she will be studying Equine Business Management, where she hopes to learn more about keeping horses in tip-top shape. Hallie also plans to be on the rodeo team.

In ten years, Hallie sees herself owning her own equine business specializing in either nutrition or chiropractic. She also sees herself being a wife and mother. - by Haylee Freel

Maya Moreno

Introducing: Maya Moreno! Her favorite part of senior year has been that day in Forensics class when Jonas took her marbles and told Mrs. Reynolds that Maya took his. This led to a fun argument for the class.

After she graduates, Maya plans to attend WyoTech and then work in the automotive industry specializing in programs for street rod, trim, and upholstery.

In 10 years Maya plans to be rich and spending her money happily her way.—by Jaydra Cordova
