Nurse's Report:
Hearing and Vision- Adams State nursing students helped earlier this month to do hearing and vision screenings on any students that didn't attend CHAMP.

CHAMP- We had huge success at CHAMP this summer. We had 48 students come get their sports physicals. We were also able to provide free school supplies to all ages and grades of students that showed up and had some left over for students throughout this school year.

Tobacco Collation- We will be picking back up with our tobacco collation group next month, as well as forming a SADD (Students Against Destructive Decisions) group. These groups help students to have a safe space to talk about issues in their lives and help educate others on how to prevent participating in risky behaviors.

CNA Courses- We are trying to be able to offer CNA certification and courses here at the school to students in high school that are interested in pursuing a career in healthcare. I will be teaching the courses along with help from TSC and ASU colleges. There is a meeting this week to determine next steps in implementing this program this spring.
